Check your Bank Statements What are you being charged?

Lately, the media is reporting that many major financial institutions (the 'B' word) will begin charging for many basic services like ATM transactions and monthly service fees on checking accounts.

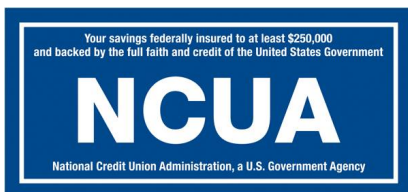

Your Credit Union does not charge you for basic services connected to your accounts with us. Nor will we charge you a monthly fee for your checking account.

Your Credit Union is a not for profit financial institution, meaning what ever monies we make from the minimal fees we charge or from interest on loans is used strictly to pay for the operating expenses of staffing and running the credit union.

Remember, your credit union offers the same services as the other financial institutions, only for free or at a substantially discounted rate.

Pay attention to your recent or upcoming statements coming from your other financial institution, take note of what you will be charged for that account in the near future. You will be surprised by the changes the major financial institutions (the 'B' word) are making, often not to your benefit.

It may be time to move your account to your credit union. Come by and see what we can do for you. You will be pleasantly surprised.

Credit Union Closure Dates
